S.No. 0228-1/2020

Date 28.02.2020

To,

The Principal
Agrasen Mahavidyalaya
Purani Basti, Raipur (C.G.)

This is to be stated that in order to ensure sufficient number of teachers in each department, against the specific number of students, the governing body has decided to authorize the College management to appoint as many teachers as per the urgency and need. If sufficient teachers are not working against the advertisement, the college management is also allowed to engage temporary teachers or faculties for subject expert lecture off and on. However the number of total teachers should not be less than the sanctioned posts of 19 teachers. Even though, the governing body keeps on advertising to appoint teachers against sanctioned post, only 11 teachers have been found suitable, who have been selected, as well. For the remaining 8 teachers' post, new advertisement has been published.

The Governing body also authorizes the college management to take necessary decision to meet any immediate requirement in the above-said matter.
